Cookie Policy

When you use our website to view information we make available, a small number of cookies may be used by us and/or by third parties to allow the website to function, to collect useful information about visitors and to help to make your user experience better.

What are cookies?

A cookie is a small file of letters and numbers that is downloaded on to your device, your computer, smartphone, or tablet, when you visit a website. Cookies are used to help a website remember information about your visit, which can make it easier when you visit the site again and make the site more useful to you. Cookies can do many things like remembering your preferences, recording what you have put in your shopping basket, and counting the number of people looking at a website.

What cookies are used on the Stroud u3a website?

The Stroud u3a website (www.stroud.u3asite.uk) may set cookies on your device. The cookies we use are strictly necessary for the website to function. We do not use cookies that store any personal or identifying information.

We only provide login facilities on this website to our members. If you visit our login page, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser. When you log in, we will also set up several cookies to save your login information and your screen display choices. Login cookies last for two days, and screen options cookies last for a year. If you select "Remember Me" your login cookies will persist for two weeks. If you log out of your account, the login cookies will be removed. If you edit or publish an article, an additional cookie will be saved. This cookie includes no personal data and simply indicates the post ID of the article you just edited. It expires after 1 day.

We do not use Google YouTube cookies.

We do not place any advertising or targeting cookies.

Do I have to allow the cookies that are used on the Stroud u3a website?

In short, no, you do not have to allow cookies. Cookies can be disabled in your browser settings and each browser works slightly differently. You can decide to only allow cookies from websites you trust, or to block all cookies. If you decide to disable cookies for this site, then this will lead to some reduced site functionality.

For more information about cookies, and how to control and disable cookies, please visit <https://ico.org.uk/your-data-matters/online/cookies/>

For full details of when we do store personal information and what information is stored, please read our [Privacy Policy](#).
